| Right | 80 | 81.97% (61 passes) |
| Left | 13 | 100% (10 passes) |
| Head | 4 | 0% (2 passes) |
| Other | 3 | 66.67% (3 passes) |

Decision Making

Decision making is at a high level

Plays attack-minded passes when there is a low risk and safe passes when there is a higher risk

91st percentile of wingers in the dataset

1 expected goal every 71 passes (0.014 expected goals per pass)
Passes often help lead to goals, even if he is not credited on the score sheet

Recommendation

Highly recommend the signing of Krépin Diatta

Has already proven himself in a top league

- Finished 6th in Ligue 1 with AS Monaco this year

Top quality decision making and passing ability

- High percentile in both pass completions and expected goals per pass

High potential for improvement since he is still young

- Has already progressed a lot over the last three years as he becomes more involved in his team
